Our Philosophy

At Love & Laughter Child Care Centre, we believe that all children have the right to be an individual and be respected and nurtured in a safe and stimulating environment.

We provide a carefully planned environment which ensures all children are able to participate to their full potential by servicing individual needs and facilitating the child's growth in the areas of social, emotional, physical and cognitive development.

Love & Laughter works in partnership with parents, recognizing the importance of the family and valuing their commitment to their children and supporting parents in meeting their responsibilities to their children.
